The aim of the report is Summer English Course. All of our classmates have discussed the course and have made some decisions.

Firstly, we would like to say about lessons. They are excellent. Most of the students have improved their pronunciation and writing skills. Secondly, the big advantage is that there ^{are} a lot of students from ~~another~~ countries and small classes, so you can communicate with each of them. Finally, there you can find great facilities like library, gym, cafe and cinema. Everywhere is very cheerful ~~stuff~~ ^{stuff} and kind atmosphere.

Also, this course has some disadvantages.

For example, they give too much homework,
it students ~~can't~~ can't be able to do it all in time.
One more is that they have few social activities. Sometimes it was boring to be there.

To sum up, I would recommend this course, because it has more strengths than weaknesses
