Writing.

How can you cheer up a friend?

Hi everyone. Your friend has a problem? You need to encourage him (her) but you don't know how? So, my article can help you!

The first thing that you can do - go somewhere with your friend to forget him (her) about problem. For example, you can go to a cafe or attractions, both are great alternatives. I think, delicious food and American

rides can make you happy.

The second that you can do is to say encouraging phrases. For example, "You can do it", "You're the best", "I believe in you", "You're strong". As for me, these phrases are really encouraging.

The people who cheers me up are my mum, dad and little sister. When I feel sad or I have some troubles in life, they always try to make me feel happy. When I was in embarrassing situation my sister told me that she has the same situation and the life doesn't finish on it. It helped me so much. And after that, she ~~has~~ said it to my mum and she decided to go with me in a cafe. Gr

That's all that I wanted to say. I wish you to have good friends and good mood.
Good luck. Bye.
